

## National Beef Cattle Show in Denmark

Danish beef cattle breeders invite all international and national fellow breeders to visit the National Beef Cattle Show that takes place March 9-10, 2012 in the town of Aars in the Northern part of Jutland. The address is Messevej 1, 9600 Aars.

The Danes normally hold the indoor national show during the Agromek exhibition in Herning, but from now on Agromek is held every second year, only.

The town of Aars offers excellent facilities for our National Beef Cattle Show and is situated less than 100 kilometers north of Herning.

Judging of all beef breeds takes place on Friday, March 9 from 9:00AM. We expect 40-60 Herefords to be shown. On Saturday interbreed competitions will take place. Mr. Lars Aarby will judge all Herefords. He is an experienced judge, and he is responsible for educating new Danish judges.

Once again The Danish Hereford Cattle Society looks forward to welcoming many international colleagues to a mutual and rewarding Hereford event. We'll inform you about the number of exhibited Herefords and the exact time for judging by the end of February. In the meantime, please, consider a trip to Denmark.

On Thursday and Saturday we have planned interesting herd visits. On Saturday an interesting visit to our beef cattle performance station, *Aalestrup Avlsstation*, close to Aars, is arranged for international visitors. Approx 100 bulls of all beef breeds are under test. We performance test approx Hereford bulls annually, and we select the very best to be used for our insemination program. All bulls are under test from 7½ to 12 months. After the test breeding values for daily gain, muscularity, and feed efficiency are calculated.

During your stay accommodation is available:

- **Aars Hotel**, Himmerlandsgade 111, DK-9600 Aars, phone +45 986 21600, email: [aars@aarshotel.dk](mailto:aars@aarshotel.dk), web site: [www.aarshotel.dk](http://www.aarshotel.dk)
